Salt Lake City, Utah 84180-1203

Dear Mr. Jensen:

Re: Asphalt Ridge Mine, ACT/047/022

We apologize for the lateness in response to your letter of July 27, 1987.

Uintah County is continuing to pursue an MR-1 Reclamation Mine Plan for its asphalt pit located in Section 30, T4S R21E, SLM. We are, however, not going to complete the plan before the summer of 1988. Other, more demanding county issues have delayed the mine plan project.

We would like to reiterate our commitment to satisfying State mine permitting requirements, but feel the summer of 1988 is the earliest we will be able to complete the project.

Sincerely,

UINTAH COUNTY COMMISSION

Thomas G. Wardell, Chairman

Mr. Robert Hugie, County Planner
Room 103
Uintah County Courthouse
Vernal, Utah 84078

Dear Mr. Hugie:

Re: Uintah County, Asphalt Ridge Mine, ACT/047/022

It has been over five months since we discussed completing the Reclamation Mine Plan (MR-1) for the subject mine (see enclosed memorandum). We have scheduled this plan as one we would like to complete this summer. Therefore, we would appreciate it if you would process this plan as soon as possible. If there are problems, please let us know.

Sincerely,

Frank R. Jensen
Soils Reclamation Specialist

FROM: Frank Jensen, Soils Reclamation Specialist *JS*

RE: Uintah County Asphalt Ridge Mine, ACT/047/022,
Uintah County, Utah

On February ~~24~~²⁵, 1987 a delegation (see attached) from Uintah County, including all three commissioners, came to this office to discuss getting the Uintah County asphalt ridge mine under permit. Various matters pertaining to the operation were discussed including the adjoining mining operation on two-acres by AROC-1 (DOE/047/028).

On February 17, 1987, Frank Filas, Dave Wham, and I met with Commissioner Jim Reidhead, County Planner Robert Hugie, and Road Superintendent Paul Feltch at the asphalt pit.

We discussed the need to complete an MR-1 and the technical data. We had a very good discussion on reclamation work in general, including possible seed mixtures, etc.

Planner Hugie took all the data and I assume he will start putting a plan together.

It was a productive meeting.
